THE 2027 HOUSE BUDGET BILL

₱83.7 BILLION FOR MULTI-PURPOSE BUILDINGS

₱27.5 BILLION FOR SCHOOL FACILITIES

+ ₱4.3 billion in DepEd’s other lines

Repairs after disasters ₱3.0B · a World Bank school project ₱1.2B · school sites ₱0.1B.

All four lines: ₱31.8 billion.

₱10.1 BILLION FOR HEALTH FACILITIES

Twice the NEP’s ₱41.0 billion. School and health facilities get less than in the NEP.

In the 2026 budget, Congress raised them from ₱29.7 billion to ₱79.9 billion.

See the 5,763 projects. Ask your representative.

BetterGov.PH

Background: all 5,763 multi-purpose building projects in the House bill, largest first; 3,299 are INSERTED: no matching line in the NEP (258 of them unconfirmed matches), a candidate from comparing the two documents, not a finding of wrongdoing. Amounts as published in House Bill 10858 (third reading) and the 2027 NEP; allocations, not spending. School facilities: DepEd’s Basic Education Facilities; grey adds its Quick Response Fund, Infrastructure for Safer and Resilient Schools (World Bank loan) and Improvement and Acquisition of School Sites lines. Health facilities: DOH’s Health Facilities Enhancement Program. The documents do not say who asked for any project. People’s Budget
